15th July 2022

Dear Parent/Carer

Monday and Tuesday next week is predicted to reach very high temperatures. The academy will have a number of measures in place to support students and staff on these days:

- Students can come to school in either school uniform, without their blazer, or wearing sports kit such as T-shirt and shorts. School PE kit is not required but the clothes should be appropriate for school ie, no crop tops
- Windows will be opened from 7am when the building opens. Not all rooms have air conditioning but in general, the building is cool. Staff will have the opportunity to switch rooms if their own classroom becomes too warm.
- In addition to breakfast, break and lunch, additional drinks will be provided to students during period 3 and 5 on Monday and Period 3 on Tuesday.
- Students will have the opportunity to stay indoors during break and lunch.

Parents/carers, please ensure that your child has a refillable water bottle with them and has adequate protection, including sun cream and a head covering.

I have sent an email to staff outlining signs to look out for with heat exhaustion and heat stroke as per government guidance (<https://www.gov.uk/government/publications/heatwave-plan-for-england>).

I hope this has provided reassurance that we are taking appropriate measures.

Yours sincerely

Kathryn Evans
Principal
